1/2 page Vertical	270mm x 85mm
1/2 page Horizontal	130mm x 180mm
1/4 page	130mm x 85mm

Description

The Quarterly Journal is acknowledged as one of the world's leading meteorological journals and contains papers, notes and correspondence by leading meteorologists presenting the results of their research. This includes original research in the atmospheric sciences, applied meteorology and physical oceanography in a journal which is published eight times a year with additional special issues. Comprehensive review articles, short articles describing minor investigations, or comments on published papers are also considered.

135:644	29-Sep-09	10-Nov-09
135:645	17-Nov-09	6-Jan-10

Supply of Advertisements as PDF files

Each advertisement should be supplied as a single-page PDF file, by email or on CD-ROM (do not submit application files or film). A colour-matched hardcopy proof for reference should be sent separately by post. PDFs for monochrome advertisements should not contain colours; those for 4-colour advertisements should only contain colours defined in the CMYK colour space (no spot/Pantone colours or RGB). All fonts must be embedded. Ideal Minimum resolutions for images are 800dpi for line drawings and 300dpi for halftones. You are advised to run a software pre-flight check to ensure these specifications are met (compliance with the PDF/X-1a:2001 standard is advised - see www.pdf-x.com). Replacement PDFs may be requested if problems are detected that may affect the printed result. Typesetting for monochrome advertisements can be arranged on request. Printing is sheet-fed offset litho.

Reprints

Reprints are used by many advertisers to promote their products and services. Reprints of articles published can be arranged. Quotations on request.
