Please use the form below to contact the Society. We shall endeavour to answer any question put to us in a timely fashion. Please ensure that you enter your email address accurately as this is the only method we have of replying to you. **Also note that we are not normally able to supply weather data for specific dates**, though we may sometimes be able to supply information about historic weather events. If you are looking for weather data then you can try the [National Meteorological Library and Archive](http://www.metoffice.gov.uk/learning/library) [2]

Please check our [FAQ](http://www.rmets.org/about-us/faq) [3] to see whether your question is answered there. It contains answers to most of the questions that we are asked.

Please see the [map here](http://www.rmets.org/about-us/map) [4] for directions from Reading Station.
