Date: Wednesday 26 August 2009

Location:
Grenoble, France

Email:

26-28th August 2009

The conference WHISPERS, 1st Workshop on Hyperspectral Image and Signal Processing - Evolution in Remote Sensing - will be organized in Grenoble, France next August.

The website has been updated:

And the online submission page is now open:

The deadline for submission of the full 4 pages papers is april 15th.

All the submitted papers will be reviewed by at least 2 reviewers.

The aim of WHIPSERS is to gather together different communities dealing with spectroscopy or hyperspectral data, from sensor design to physical model, from applications in
biomedical imagery, to precision agriculture and defense issues, from handy spectrometers to satellite missions.
