

# Virtual Student and Early Career Scientists Conference 2021

28 and 29 June 2021

**Abstracts are now being accepted for both oral and poster presentations for the next virtual Royal Meteorological Society Student and Early Career Scientists Conference.**

Abstracts are accepted from undergraduate students, Masters and PhD students and early career scientists in the fields related to meteorology and climate. The theme of the conference can apply to a broad range of work, so even if you are unsure how your work fits or haven't finalised your results, feel free to submit an abstract anyway. The deadline for the submission of abstracts is Friday 26 February 2021.

For more detailed guidelines and a list of keywords to include with your abstract, please visit [rmets.org/studentconf2021](https://rmets.org/studentconf2021)
